Harland Technology Services is now:

### A New Name, A New Look

We are excited to share that **Harland Technology Services**, a division of Scantron Corporation, will transition its name to **Scantron Technology Solutions**. Over the next few months, you will see the new brand on all websites, social media sites, emails, invoices, materials, signage, products, and vehicles.

Scantron, like HTS, has a rich history of serving customers for more than 40 years. We are committed to developing long-term partnerships grounded in our customer-first approach and backed by our technology expertise.

This name change is part of a larger initiative to unify the Scantron brand and name, with references to our solutions. Moving forward, we will be one unified brand and name with references to our solutions: **Scantron Technology Solutions** and **Scantron Assessment Solutions**.

**Scantron Technology Solutions** includes our Hardware Services, Managed IT Services, Managed Print Services, and Enterprise and Project Services.

**Scantron Assessment Solutions** includes our Scanners & Forms; K12, Higher Education, & Commercial Digital Assessments; Certification & Licensure; and Survey products and services.

While we have a new name, what won't change is how we work with you, support you and continue to develop industry-leading solutions that drive your success! As always, we are here to empower you to make smart choices, solve problems, and grow.

If you have any questions on these changes, or would like to learn more about any of our Scantron Technology or Scantron Assessment Solutions, please contact your assigned sales representative. You can also reach us through the Contact Us page on [www.ScantronTS.com](http://www.ScantronTS.com) or 800.722.6876.
